King's High School

Deciding on a high school is one of the most important decisions you will ever make. Along with your home life, this is a main ingredient in the big life recipe. You will form friendships which will last a lifetime. You will be inspired by key people – a teacher, a coach, a friend – and find yourself having a go at something totally new.

How do you know you are not the world's greatest yachtsman if you've never jumped in a boat? Or the greatest sax player, if you've never picked up a saxophone. You will grow taller and wiser and become the person you always imagined you would be. At King's High School, we help you grow into that person – and more. Reach for your goals. Create your dreams. Amplify your future.

Is King's High School the right high school for you? Only you know the answer to that. This booklet will help you learn more about the school – the people, activities offered, subjects available – and make your decision easier.

The booklet is split into sections so you can find out about your special area of interest first, then go back to other sections as you need to.

Learning covers the subjects available at King's; **Performing** is for those of you with an interest in drama, music and creative flair; **Competing** covers the huge range of sporting, competitive, and extra curricular opportunities available at King's.

The **Parents** section should answer some of the specific questions parents may have. **Details** is where you will find information on term dates, bus timetables and other information which will help you settle into King's.

If you still have questions about King's, give us a call on 03 455 7547 or take a look at our website: www.kingshigh.school.nz or www.kingslife.co.nz
