St Clair Beach Resort
 stay • dine • rejuvenate

*Come and experience Dunedin
 - like you've never experienced it before.*

Dunedin's newest hotel, the St Clair Beach Resort, is set in one of the city's most iconic and loved landscapes.

The boutique hotel is right on the beach, opposite the outdoor St Clair Hot Salt Water Pool. Each of its 26 luxury rooms reveals classic Dunedin views – the white sand of St Clair beach stretching northward, the salt water pools, St Clair's towering cliffs – and most open onto private balconies.

This quality accommodation is complemented by the Pier 24 Restaurant and Bar. Operated by award-winning executive chef Michael Coughlin, Pier 24 can seat up to 60 diners and has quickly established itself as a restaurant of choice within the city.

St Clair Beach Resort is only 7kms from the centre of Dunedin, yet it feels like it's a world away. One of the few addresses on The Esplanade, this is a special hotel, set in a special location.

The quality of the St Clair Beach Resort is evident from the moment you walk into its glass-roofed atrium and garden. Built with consideration to the environment, its contemporary spaces invite you to relax.

The Rooms

Each of the six one-bedroom apartments has cooking facilities, a separate dining and lounge area, deep spa bath and laundry facilities. The 20 studios have kitchenettes and most include a bath.

Local art hangs on the walls and the furniture is made in Dunedin. Those who enjoy technology will be delighted to find LCD televisions, Sky (including on-demand movies), iPod docking stations and broadband in each room (wireless is also available).

Pier 24 Restaurant and Bar

Executive chef Michael Coughlin selects the finest, freshest local ingredients as the basis of his menu. With a wine list of equal quality and stunning views of St Clair Beach, Pier 24 offers a memorable dining experience.

There is also a cluster of wine bars and restaurants within a two-minute walk. Two coastal golf courses are within five minutes' drive. And the Otago Peninsula's yellow-eyed penguins and royal albatross are only a short distance away.

At St Clair Beach Resort, we understand what you expect from a hotel – and we look forward to delivering it.
